SUMMARY

I am a fresh graduate from Universitas Mulawarman with a degree in Informatics and a strong passion for continuous learning and skill development. In addition to my academic studies, I have actively taken online courses to broaden my knowledge in various areas of technology, helping me stay up-to-date and strengthen my practical skills. I am quick to adapt, enjoy facing challenges, and can effectively solve problems in diverse situations. I am ready to contribute to any work environment with a fast-learning ability and a proactive approach.
